

NORTH SEA LIMITED

Position: Health, Safety & Environmental Advisor

Location: Aberdeen, Scotland

This position is responsible for assisting in the interpretation of Health, Safety & Environmental (HS&E) policies and for setting the standards for our UK operations. This encompasses providing proactive advice in all HS&E matters, the development and maintenance of effective HS&E management systems and to audit health, safety and environmental protection activities.

How to Apply:

To apply, please click “Apply Aberdeen” button, and attach your resume and cover letter. We thank all applicants for their interest; however only those selected for further consideration will be contacted.

By applying to career opportunities at Oilexco, its affiliates, and/or 3rd parties acting on the company's behalf, you consent to the confidential collection, use and necessary disclosure of personal information provided during the application, selection and on-boarding processes.
